

5.08 BHSI FUNDS

These funds are provided to allow continuation of D&A treatment services to persons no longer eligible for MA due to changes in the GAMNO eligibility criteria resulting from Act 1996-35, §442.1. SCAs are required to verify that each person receiving services funded by BHSI is a member of the target population. If any funds remain unspent at the end of a fiscal year, they will be subject to recovery by payment adjustments the following fiscal year.

Please note that the BHSI is not an entitlement program. The BHSI allocation is the maximum amount available for the fiscal year.

BHSI IGT FUNDS

BHSI IGT funding is intended to supplement the BHSI funding described above. In addition, note that as per the terms of the BHSI appropriation language, IGT funds are required to be spent prior to utilizing BHSI regular appropriation funding.
