

11.02 APPENDIX B

LEVEL OF CASE MANAGEMENT DETERMINATION

The purpose of this section is to determine the need for a referral for intensive case management services. If there is a need identified during the assessment in six or more of the following domains, the client must be offered a referral for intensive case management services. However, if a client has needs in less than six domains but would still benefit from ICM, he or she may be referred for ICM.

INTENSIVE CASE MANAGEMENT DOMAINS	Based on the information provided during the assessment, to include client and clinician perceptions, is the client in need of assistance in the following areas? (<i>assessor should check only those that apply</i>)
EDUCATION /VOCATION	
EMPLOYMENT	
PHYSICAL HEALTH	
DRUG AND ALCOHOL	
EMOTIONAL/MENTAL HEALTH	
FAMILY/SOCIAL	
LIVING ARRANGEMENTS / HOUSING	
LEGAL STATUS	
BASIC NEEDS (food, clothing, utilities)	
LIFE SKILLS	
CHILD CARE	
TRANSPORTATION	

Domains identified: ___/12	Referred for ICM: ___ YES ___ NO	ICM Referral Accepted by Client: ___ YES ___ NO
-----------------------------------	---	--

If the client was not appropriate or not referred for ICM services, how were identified needs addressed?

Explain: _____
