

Behavioral Health Education Services Certified Recovery Specialist (CRS) Trainings

Certifying Behavioral
Health Professionals
since 1979

Presented by
Brad Schweitzer, BA, CRS, CIP, ICADC
Debra Wurster, M.Ed., MBA

All Trainings are Pennsylvania Certification Board (PCB) Approved Education

CRS are recovering individuals in the community who work with drug and alcohol clients on a peer to peer basis. The primary function of the CRS is to help individuals gain access to needed resources in the community by assisting them in overcoming barriers and helping them bridge gaps between their needs and available resources.

We are proud to offer an affordable 54 credit training package that allows potential CRS candidates to obtain all required education needed to apply for their CRS. Please visit the Pennsylvania Certification Boards website at www.pacertboard.org for more detailed information regarding initial CRS certification requirements.

We also offer individuals who currently hold the CRS Certification the ability to attend single 3-credit trainings for their continuing education needs. Every individual who currently holds a CRS certification is required to obtain 30 hours of continuing education relevant to the domains of Recovery Management and Education/Advocacy, including 6 in Ethics and 3 hours in Confidentiality. Please visit the Pennsylvania Certification Boards website at www.pacertboard.org for more detailed information regarding CRS recertification requirements.

Please note: The Entire CRS Training Package includes the PCB CRS Test Exam Fee.

The CRS Trainings Will Be Held

Saturdays 4/1/17 – 6/3/17

(Except 4/22/17)

At

West Lawn United Methodist Church
