Learning Objectives for Pharmacists:

- ✓ List the current Guidelines available from various allied health care provider organizations
- ✓ Recognize key elements from each of the available Guidelines
- ✓ Describe the clinical and legal responsibilities of the pharmacist in dispensing controlled substances
- ✓ Utilize the Guidelines to create best practices in a variety of practice setting
- ✓ Employ the multiple resources available on the PPA website to enhance understanding of the opioid crisis in Pennsylvania and what steps can be used to combat it

Learning Objectives for Pharmacy Technicians:

- ✓ List the current Guidelines available from various allied health care provider organizations
- ✓ Recognize key elements from each of the available Guidelines
- ✓ Employ the multiple resources available on the PPA website to enhance understanding of the opioid crisis in Pennsylvania and what steps can be used to combat it
